### PROJECTS

#### Sorting Visualization :

Url: <https://iam-jishan.github.io/SortingVisualization/>

- It has all the features like column increase, number changing, speed control, order system.
- It also uses different sorting like Bubble sort, Heap sort, Insertion sort, Selection sort.

#### Track Location any Mobile Number :

Url: <https://github.com/lam-jishan/TrackLocation>

- Track Location any Country Mobile Number
- Just Put The Number, Then Can see Country Name, Sim Name, Address
- Using Python and Django
- HTML, CSS
- 

#### Develop a Basic snake Game :

Url: <https://iam-jishan.github.io/Snake-Game/>

- It has all the features like play games, storing High Score the game.
- Also, When Score is increase then Snake Speed is also increased.

### EDUCATION

#### CAMELLIA INSTITUTE OF TECHNOLOGY

COMPUTER SCIENCE & ENGINEERING | AUG 2019  
- JULY 2023

Bachelor Of Technology (CSE)  
Specialised in software engineering and DS & ALGO  
Graduated CGPA: 8.6 Out of 10  
Graduate : 2023

#### Web Development & designing Course

Web development course at UDEMY & OASIS INFOBYTE.
