EXPERIENCE

DRUPAL BUILDER PVT LTD.

JAN 2023 – Present

Web Developer

- Utilizing **Bootstrap** for frontend design to ensure intuitive user interfaces.
- Implementing **PHP** and **Laravel** for **backend** development, optimizing code and databases for enhanced performance.
- Expanding my skill set by learning **React**, contributing to the development of dynamic web applications.
- Successfully delivering **chatbot systems**, enhancing user engagement and customer support experiences.
- Developing custom **WordPress themes**, meeting client specifications and design requirements.
- Implementing sophisticated control mechanisms and scheduling features to improve system functionality.
- Contributing to the delivery of impactful **ERP** and **IoT** solutions, driving client satisfaction and business growth.

KEY SKILLS

Programming Languages: **JavaScript** ; Frontend: HTML, CSS, Bootstrap, **JS**, **Vue JS**; Backend: **PHP LARAVEL MVC**; Full Stack: **LARAVEL**, **FILAMENT Kit**; Database: **My SQL**, **SQLite**; Version Control: **Git**; Other: **Docker**.

PROJECTS

Attendance Management System(ATT)

- **Developed** a comprehensive Attendance Management System using Laravel, ensuring efficient tracking of employee attendance.
- Implemented features such as real-time attendance tracking, leave management, and reporting tools to streamline HR operations.
- Integrated seamlessly with Laravel's ecosystem, leveraging its powerful features for robust performance and scalability.
- Employed **MySQL** for data storage and management, ensuring data integrity and reliability.

3D Cakes E-commerce Platform

- **Designed** and **developed** a visually stunning 3D Cakes e-commerce platform using Laravel and Livewire for both frontend and backend development.
- Integrated the **Filament admin panel** for efficient management of products, orders, and customer data, enhancing administrative capabilities.
- Ensured a smooth and intuitive user experience, with features like product customization, secure payment processing, and responsive design.
- Utilized **Laravel** and **Livewire** to create dynamic, interactive user interfaces and optimize server-side rendering for improved performance.
- Employed **MySQL** for database management, ensuring data security and scalability to accommodate growing business needs.

Chatbot for BMW WhatsApp Support

- Implemented features for efficient customer support and query resolution.
- Integrated with BMW's systems for seamless communication
- Core Technologies: Laravel, MySQL.

EDUCATION

Lalit Narayan Mithila University

Bachelor of Science- Physics.

- Cumulative GPA: **8.0**

Darbhanga, Bihar

Feb2017– Feb2020
