REACT PROJECTS

1. TextGenie

- Developed a user-friendly tool that allows users to modify text easily.
- TextGenie is a free character counter tool that provides instant character count & word count statistics for a given text. TextGenie reports the number of words and characters. Thus it is suitable for writing text with word/character limits.
- Implemented functions like capitalization, Title Case, Sentence case, UPPERCASE, and lowercase.
- Included specialized functions (e.g., converting sentence case to camel case, removing extra spaces).

2. CurrentChronicals

- Developed a responsive React application that allows users to explore and select news articles across various categories.
- Implemented dynamic data fetching from news APIs (NewsAPI) to display real-time headlines.
- Utilized React components, state management, and routing to create a seamless browsing experience.
- Designed an intuitive user interface with visually appealing layouts for news articles.

WORK EXPERIENCE

Frontend Web Developer

Krazybee Services Pvt Ltd.

10/2022 - 07/2024

Benglore

Responsibilities/Tasks

- Design and Develop User Interfaces** : Build visually appealing and responsive web pages using HTML, CSS, and JavaScript.
- Implement Responsive Design** : Ensure the website looks good on all screen sizes (mobile, tablet, desktop).
- Collaborate with Backend Developers** : Work with backend teams to integrate APIs and ensure smooth data flow.
- Maintain Code Quality** : Write clean, maintainable, and scalable code.
- Stay Updated with Trends** : Keep up with the latest technologies, frameworks, and best practices in front-end development.

CERTIFICATES

1. Cutshort Skill Certificate (08/2024)

Certified in React, showcasing my expertise in building dynamic UIs, mastering components, state management, hooks, and advanced React concepts.

2. React.js Essential Training Certificate (09/2024)

Completed an in-depth React.js course, covering components, state, props, lifecycle methods, hooks, and JSX, with hands-on projects to build dynamic user interfaces.
