Aarohi Fi management Limited | AspDotNet Developer

Technical Stack Learnt: C#.Net, Asp.Net MVC, Asp.Net Core, MS-SQL, ADO.NET, Entity Framework, Identity Framework, HTML, CSS, JavaScript, jQuery.

Projects

Daily Travel Monitoring Application | Aarohi FI Management Limited

Technical Stack Used : C#.Net, Asp.Net MVC, Entity Framework, HTML, CSS, JavaScript and jQuery.

Description: Contributed to the development of a Daily Travel Monitoring Application designed for field teams. This application allowed team members to efficiently plan, record, and report their daily travel activities. Key features included complex data processing, real-time tracking, and user-friendly interfaces to boost productivity and streamline travel-related tasks.

Bank Loan Application System | Aarohi FI Management Limited

Technical Stack Used : C#.Net, Asp.Net MVC, Entity Framework, HTML, CSS, JavaScript and jQuery.

Description: Developed a comprehensive Bank Loan Application System that streamlined the loan approval process. This system ensured compliance with regulatory requirements while enhancing the efficiency of loan application processing. Responsibilities included database design, front-end development, and the implementation of a secure user authentication system.
