| • CSS | • Java Script |
| • Bootstrap 5 | • Entity Framework |

Work Experience

Software Developer (.Net) – July 2021 to December 2023 (2 Years 5 Month)
Focus Softnet Pvt. Ltd., Hyderabad

Project Experience

Title : Focus X – 07/2021 to 12/2023

Overview :

Focus X is an all-inclusive enterprise resource planning (ERP) system that helps to connect every aspect of business operations. From production to supply chain, customer relationship management to inventory and human resources.

Technology Used :

C#, Asp.Net-MVC, MS SQL, Ado.Net, JavaScript, Html 5, CSS, Bootstrap 5

Roles and Responsibilities :

- Involved in developing Controllers for each page and respective action handlers.
- Used JavaScript for Client side validation.
- Designed GUI using HTML, CSS and Bootstrap classes.
- Worked with Sql queries to perform CRUD operations on data.
- Prepared functional Documentation on modules I worked.
- Understanding and resolving issues raised by testers.

Title : FindACase – 06/2022 to 10/2022

Overview :

FindACase™ is designed to be used by anyone interested in researching Federal and State case decisions across a wide range of topics and jurisdiction, including lawyers, non-lawyers, small businesses, students and journalists.

Technology Used :

C#, Asp.Net Web Form, Entity Framework (Code first approach)

Roles and Responsibilities :

- Perform design and development of Web Forms using Asp.Net / C# and separate user interface logic from the business logic.
- Implemented validation using Asp.Net Validation Controls.
- Used of Asp.Net Server Controls to design Webform.
- Used Entity Framework (Code first approach) as connectivity for storing and accessing the data in database.
