### Summary

To build a rewarding career in software development by working with a forward-thinking organization. Passionate about solving technical challenges, collaborating with dynamic teams, and leveraging cutting-edge technologies to create impactful solutions. Committed to continuous learning, innovation, and contributing to the organization's success through dedication and expertise.

### PROFESSIONAL EXPERIENCE

#### Azlogics Private Limited

Nagpur

##### Software Engineer

01/2024 - Present

- **Backend Development:** Created and managed APIs using Node.js, Express.js, and MongoDB, focusing on scalable and efficient server-client communication.
- **RESTful API Implementation:** Designed and developed RESTful APIs for seamless integration between client and server applications, ensuring high performance and security.
- **Cloud Computing:** Worked extensively with AWS EC2, SES, and AWS SDK for deploying and managing scalable web applications.
- **Redis & Caching:** Implemented Redis for session management and optimizing application performance.
- **Azure Virtual Machines:** Configured and managed Azure Virtual Machines for hosting and deploying applications.
- **Version Control:** Utilized Git for collaborative development, merging, and pull requests to ensure smooth version control processes.
- **Project Contributions:** Contributed to real-world projects:
  1. Client Portal: <https://client.rpacpc.com>
  2. Admin Dashboard: <https://admin.rpacpc.com>
- **Achievements:** Received the Most Valuable Contribution Award within 5 months for dedication, commitment, and delivering impactful results.

#### XORION TECHNOLOGY

Nagpur, IN

##### Software Developer(INTERN)
