## Education

**Data Analyst**  
Masai School  
July 2024-present

**Data Science Course**  
Innomatics Research Labs  
October 2022 - July 2023

**B.TECH ,Mechanical Engineering**  
St Peter's Engineering College  
2018 - 2022

## Technical Skills

Python   Power BI   MySQL

Excel   Machine Learning

## Soft Skills

Attention to Detail

Teamwork   Problem Solving

Communication

# Shivarathri Jeevan Kranth

## Professional Summary

Detail-oriented Data Analyst with expertise in Python, SQL, and Power BI, skilled in creating interactive dashboards and delivering actionable insights. Strong capability in using Generative AI and learning new technologies swiftly. Proficient in data cleaning, analysis, and communication of complex data findings to drive strategic decisions.

## Projects

### CRM\_Sales [Github Repo Link](#)

Python   MySQL   Power BI

- Developed an interactive CRM Sales Dashboard to track sales, team performance, and marketing results.
- Delivered insights that drove decision-making, contributing to a 63% win rate and \$10.01M revenue.
- Utilized Python, SQL, and Power BI for robust data cleaning and visualization, enhancing data-driven strategies.
- Created clear visuals to communicate key client and product trends, aiding performance tracking across agents and regions.
- Led a team of three, demonstrating high individual contribution and collaborative teamwork.

### EDA on IMBD Website [Github Repo Link](#)

Python

- Conducted an extensive exploratory data analysis on IMDb's top-rated movies by scraping data.
- Utilized Python libraries such as pandas, matplotlib, and seaborn for data visualization and trend analysis.
- Explored insights on movie ratings, genres, actors, and voter statistics, providing detailed analytical assessments.
- Showcased strong individual project management skills, performing complex data manipulations independently.
