

SAVITRI NEERALAKERI

Bagalkot, Herakal 587116 | (91)90085-83649|savitrineeralakeri@gmail.com

PROFESSIONAL SUMMARY

Certified Java Professional with 4 months of hands-on experience in both core and advanced Java, Oracle, and Spring Boot. Demonstrated expertise with 7+ months of hands-on experience in **IBM Sterling Order Management System (OMS)** within a product-based environment. Proficient in all Software Development Life Cycle (SDLC) phases for OMS, with specialized skills in Integration, Functional, and Database testing. Strong background in XML Parsing, SQL querying, ticket resolution, and reporting. **Basic knowledge in API Testing and XML attributes. Ready to contribute impactful solutions for your organization's success.**

SKILLS AND ACCOMPLISHMENTS

- **Java Programming:** Strong grasp of object-oriented programming, data structures, algorithms, multithreading, collections, JDBC, and serialization.
- **Java Frameworks:** Familiarity with Spring Boot.
- **Database:** Proficient in SQL queries, database design, Oracle, and MySQL integration.
- **Web Development:** Understanding of HTML, CSS.
- **Agile Methodology:** Experience with Jira, and Agile development.
- **Version Control:** Knowledgeable in Git for code management and collaboration.
- **Testing & Debugging:** Skilled in unit testing, debugging, and code quality.
- **Problem Solving:** Strong analytical skills for resolving complex technical challenges.
- **Communication:** Effective collaboration and communication with teams, stakeholders, and clients.

WORK EXPERIENCE

Software Engineer Trainee | Perfaware, Bengaluru

Project 1 | Diframa Socofar Support, Perfaware, Bengaluru

(09/2022 – 12/2022)

As a Software Engineer Trainee, I played a pivotal role in the Diframa Socofar project, a critical initiative focused on enhancing the distribution and logistics management system. My responsibilities encompassed various aspects of system upgrades, performance enhancements, and troubleshooting to ensure the smooth functioning of the system.

Responsibilities:

- Enhanced Java-based system performance, reducing inventory discrepancies by 30%.
- Achieved a 20% increase in Java application efficiency through software optimizations.
- Implemented changes leading to a 15% decrease in support tickets related to Java-based system functionalities.
- Successfully integrated Java applications with databases (e.g., Oracle, MySQL, PostgreSQL).

Software Engineer Trainee | Perfaware, Bengaluru

Project 2 | Carter's Support, Perfaware, Bengaluru

(05/2022 – 08/2022)

Provided technical support and troubleshooting expertise for the Carter's project, a retail system enhancement initiative aimed at optimizing inventory management and order processing. Collaborated closely with the project team to identify and resolve system issues, ensuring seamless functionality and minimal disruption to operations.

Responsibilities:

- Improved Java-based system uptime by 20% through proactive troubleshooting and resolution strategies.
- Reduced Java application order processing time by 15% through system enhancements and streamlined workflows.

EDUCATION

BE (Bachelor of Engineering) Information Science and Engineering

Deemed University, Tumkur Graduation Year(2021)

CERTIFICATIONS

- Completed Java Full Stack & Manual Testing course at "KODNEST."
