### PROFILE

#### 5+ Years of Experience in Web Application Development

With over five years of hands-on experience in web application development, I have consistently demonstrated expertise in building scalable and efficient web solutions. Skilled in full-stack development, I am adept at translating business requirements into functional, user-friendly applications. This experience has equipped me to effectively collaborate with cross-functional teams and deliver high-quality software products that align with business goals.

### WORK EXPERIENCE

#### Technical Lead

Zyntrix Tech Pvt. Ltd.

October 2024 - February 2025

- Led a dynamic team of 25 members, including React JS and Laravel developers, software testers, and UI/UX designers, driving technical excellence and successful project delivery.
- Managed AWS servers, ensuring optimal performance, security, and scalability, while overseeing the seamless deployment and monitoring of applications.
- Fostered a collaborative environment by coordinating with cross-functional teams, aligning technical goals with business objectives to meet project timelines and quality standards.
- Actively mentored team members, providing guidance and support for their professional development, while encouraging a culture of continuous learning and growth.
- Ensured smooth day-to-day operations by identifying areas for improvement, implementing best practices, and streamlining processes to enhance team productivity.

#### Technical Head | Lead Developer

Extraaaz Innovative Tech Solutions Pvt. Ltd.

November 2023 - Sept 2024

- Mentored junior team members, fostering a culture of continuous learning and professional growth.
- Fostered strong relationships with key industry partners, leveraging their expertise and resources to drive mutual growth and innovation.
- Streamlined IT operations for increased efficiency through the deployment of automation tools and methodologies.
- Collaborated with stakeholders to gather requirements, ensuring high-quality deliverables that met or exceeded expectations.

#### Sr. Backend Developer

Genie Bazaar Pvt. Ltd. - Mumbai

April 2022 - May 2023

- Collaborated with front-end developers to ensure seamless integration of back-end functionality into user interfaces.
- Maintained detailed documentation of back-end systems for easy reference by other team members during development cycles or maintenance periods.
- Increased website responsiveness by identifying and resolving bottlenecks in server-side processes.

## WORK EXPERIENCE

### Software Developer (Flutter Developer)

APL Techno Pvt. Ltd. - Mumbai

June 2021 - January 2022

- Improved software efficiency by troubleshooting and resolving coding issues.
- Saved time and resources by identifying and fixing bugs before product deployment.
- Contributed to a positive team environment through effective communication, problem-solving, and collaboration skills.
- Developed software for desktop and mobile operating systems.
- Enhanced user experience through designing and implementing user-friendly interfaces.
- Mentored junior developers to improve their technical skills, fostering a culture of continuous learning within the team.
- Collaborated on stages of systems development lifecycle from requirement gathering to production releases.
- Created comprehensive documentation detailing software functionality for future reference or maintenance purposes.
- Reduced system downtime by establishing robust monitoring and quick response protocols.

### Project InCharge

Softcare Technokraft Pvt. Ltd. - Panvel

October 2020 - May 2021

- Adapted project plans quickly in response to shifting organizational priorities, demonstrating flexibility and a willingness to embrace change when necessary.
- Negotiated contracts with vendors and suppliers to secure favorable terms for the organization's projects.
- Developed comprehensive project plans, outlining objectives, timelines, and deliverables to keep teams focused on goals.
- Led training initiatives for team members to boost their skills in relevant areas, elevating overall team performance levels in the process.
- Enhanced team collaboration for successful project outcomes with regular meetings and progress updates.
- Defined clear roles and responsibilities among team members at the outset of each new assignment, minimizing confusion related to task ownership.

### Frontend Developer

January 2020 - September 2020

Orient Technologies Pvt. Ltd. - Andheri

- Continuously updated skills through training courses, workshops, and self-study—staying current on industry trends and emerging technologies.
- Debugged complex software issues, leading to a more stable product release.
- Adapted quickly to new technologies and programming languages, enhancing overall team productivity.
- Corrected, modified, and upgraded software to improve performance.

### WORK EXPERIENCE

#### Assistant Professor

Konkan Gyanpeeth College of Engineering - Karjat, India

July 2010 - December 2019

- Created materials and exercises to illustrate the application of course concepts.
- Mentored students and communicated internship and employment opportunities.
- Contributed to departmental goals by serving on various committees focused on curriculum development, assessment strategies, and accreditation requirements.
- Maintained an up-to-date knowledge of the subject matter by attending conferences, workshops, and webinars relevant to the field of study.
- Built strong rapport with students through class discussions and academic advisement.
- Evaluated student performance through comprehensive assessments, identifying areas of improvement, and providing targeted feedback for growth.
- Contributed to campus activities to promote a positive university image.
- Evaluated and supervised student activities and performance levels to provide reports on academic progress.
- Applied innovative teaching methods to encourage student learning objectives.
- Helped struggling students by providing support outside of classrooms and consistently checking in on progress.
- Proctored exams and provided remediation for learning improvement goals.

#### Computer Lab Assistant

Konkan Gyanpeeth College of Engineering - Karjat, India

August 2008 - July 2010

- Patched software and installed new versions to eliminate security problems and protect data.
- Configured hardware, devices, and software to set up workstations for employees.
- Supported all computer lab operations.
- Enhanced computer lab efficiency by maintaining and troubleshooting hardware and software issues.
- Promoted digital literacy among students by guiding them in using various software programs.
- Maintained a clean, organized workspace to promote a positive learning environment for all users.
- Provided support during special events requiring computer lab usage, ensuring seamless setup and operation throughout the event duration.
- Provided instruction to all lab users on the proper use of all equipment.
- Diagnosed hardware problems and fixed faults or contacted appropriate repair services.

I am eager to bring my expertise and experience to your organization and look forward to discussing how I can contribute to your success.

SINCERELY,

YOGESH SALVE
