Project

Project Title: Decentralised Wallet (Team Size : 2) November 2022 - January 2023

We developed a decentralized wallet leveraging blockchain technology, enabling seamless peer-to-peer money transfers without the need for intermediaries. Our solution ensures enhanced security, transparency, and efficiency, revolutionizing the way transactions are conducted in the digital age.

Project Title: Sociopedia (Team Size : 2) July 2023 - September 2023

Sociopedia is a dynamic social networking website, enabling users to post content, like, and comment seamlessly. Leveraging cloud storage for efficient data management, Sociopedia offers a robust and scalable platform, ensuring a smooth and engaging user experience.
