### PROFESSIONAL SUMMARY

Full Stack Developer with a proven ability to bridge the gap between front-end design and back-end functionality. I create visually stunning and functionally flawless web products that perform exceptionally well on any device.

### WORK HISTORY

#### Quick Ship Technologies - Full stack developer

Dubai, UAE

06/2022 - 11/2024

- Developed high-quality software in line with customer-established requirements.
- Guaranteed code quality, conducting peer reviews from development team members and third-party providers.
- Developed and implemented architectures for web applications.
- Provided input and technical content for customer facing documentation, user help materials and customer training.
- Demonstrated expert coding knowledge of JavaScript, SQL and PHP.
- Led stand-ups and agile meetings to plan and deliver on project goals.
- Our software streamlines workflows, reducing customers rework by 40%. This translates to a significant business boost of 20-35% growth.

#### Mobyss Consulting Private Limited - Portal Developer

Chennai, India

03/2021 - 04/2022

- Developed a web app for the auto industry.
- Wrote reports outlining project progress and results.
- Completed customer orders with speed and accuracy.
- Conducted testing to diagnose system faults.
- Applied critical thinking to analyse problems, evaluate solutions and select best decisions.

#### Hari infosolutions - Web Designer Intern

Ramanathapuram, Tamil Nadu, India

09/2020 - 02/2021

- Coded websites for mobile-first quality to exceed client expectations and satisfaction.
- Collaborated with web designers to match visual design intent.
- Build user-friendly web interfaces using front-end technologies like Bootstrap and techniques like AJAX for dynamic interactions

### SKILLS

- PHP
- Laravel
- CodeIgniter
- Node.js
- React.js
- DB Design
- MySQL
- API design
- JavaScript
- Server Management
- DNS Management
- Version Control
- Firebase
- Problem Solving
- Project Management
- Agile Development
- Web App Architecture

### EDUCATION

06/2017 - 04/2020

**Jamal Mohamed College**

Trichy, Tamil Nadu, India

**Bachelor of Science** : Computer Science

CCC (CITIZEN CONSUMER CLUB)

#### Desired Outcomes:

- To enable the students to understand the fundamental rights and duties of a citizen.
- To train the consumers in checking the product standard and product quality so as to get their money's worth.
- To make consumers aware of the fact that the market is buyer oriented and to fight for justice and welfare.

06/2016 - 04/2017

## HOBBIES AND INTEREST

- An avid reader
- Explore every corner of the city on foot.

---

## AWARDS, ACCOMPLISHMENTS, AND HONORS

- I earned a **PHP Skill Badge** from LinkedIn.
- In June 2023, I was recognized for my contributions to Quickship with a letter of appreciation and a special shield award.

---

## PROJECTS

- **Servicepointpt Website Development:** Built website for a company specializing in high-quality hardware service.
- **GKAutomoiilies Platform (Project Lead):** Led platform development for car service centre management (scheduling, inventory, etc.).
- **Old Quicke B2C & B2B Platform (Project Lead):** Spearheaded the project to build the B2C and B2B platform for Quicke, possibly a company dealing with services. This likely involved defining project requirements, managing resources, and ensuring successful completion.
- **New Quicke B2C Platform (Architecture & DB Design):** Designed the architecture and database for the new B2C platform of Quicke. This involved defining the system's structure, data storage, and flow of information.
- **New Quicke B2B Platform (Project Lead):** Led the project to update the new B2B platform for Quicke, likely the previous project but focused on business-to-business interactions.
- **Qconnect (Project Lead):** Led the Qconnect project, which could be an internal system facilitating communication or data exchange within Quicke, or potentially a platform connecting Quicke with external partners.
- **Marketing AI with Crew.ai Integration** Developed solution using Crew.ai's marketing automation features.
- **Visual Editor:** Built user-friendly editor with React and Trello-inspired interface.

## GOVT.HR.SEC.SCHOOL PUDUMADAM

Ramanathapuram, Tamil Nadu, India

**High School Diploma** : Computer Science

06/2014 - 04/2015

## GOVT.HR.SEC.SCHOOL PUDUMADAM

Ramanathapuram, Tamil Nadu,India

**Diploma** : General

---

## PERSONAL DETAILS

**Date of Birth / Age** : 02/05/2000

**Marital Status** : Single
