PROFESSIONAL EXPERIENCE

7SERVER SOLUTIONS (APRIL 2024 TO TILL NOW)

ROLL- PHP & WORDPRESS PROJECT LEAD

I engaged with clients to gather and refine requirements for web applications built using Core PHP, CodeIgniter, Laravel, WordPress, and WooCommerce.

- Collaborated with web developers and designers to create SEO-friendly and user-centric websites and web applications.
- Partnered with SEO and digital marketing teams to enhance online visibility and increase e-commerce sales.
- Conducted client meetings to analyze and document project requirements.
- Coordinated with marketing, HR, and accounting departments to align project goals with organizational objectives.

DN CORP TEXAS USA (DECEMBER 2020 TO MARCH 2024)

Roll- System Integrator

Developed a fully automated VoIP purchasing system using PHP (CodeIgniter), integrating Telnyx API for real-time phone number provisioning.

Built REST-based web services for PBX Endpoint Management (FreePBX/Asterisk) with dynamic extension creation.

Designed user-friendly UI with Bootstrap and jQuery, and implemented Stripe API for secure payments and subscriptions.

Optimized complex MySQL queries for CRM and email marketing tools, ensuring scalability and performance.

DEVOGEETA MANAGEMENT PVT. LTD. (MAY 2014 TO SEPTEMBER 2019)

ROLL- PHP TEAM LEAD

As a PHP Team Lead, I spearheaded the development of web applications using Core PHP, CodeIgniter and MySQL, ensuring robust and scalable solutions. I led the creation of websites using WordPress and built e-commerce platforms with OpenCart and WooCommerce. Collaborating with cross-functional teams, I implemented SEO-friendly UI designs using Bootstrap and jQuery to enhance user experience and performance.

- Guided a team of developers in adopting best practices for PHP development, improving code quality and project delivery timelines.
- Oversaw the integration of third-party APIs and payment gateways, ensuring seamless functionality for e-commerce applications.
- Conducted regular code reviews and provided mentorship to junior developers, fostering a culture of continuous learning and innovation.

OTM PVT.LTD. DELHI INDIA (MAY 2010 TO JANUARY 2014)ROLL- **PHP DEVELOPER**

Built and managed the company's OpenCart e-commerce website, handling everything from product listings to secure checkout .

Created custom business tools using php and MySql that transformed operations:

1. Architected PHP/MySQL backend for jewelry inventory system
2. Distribution management software to track orders across locations
3. Employee report system to speed up sales team work .
4. Automated invoice , reporting that cut billing errors to zero .
5. Fixed inventory headaches by redesigning the tracking system
6. Improve the supply chain dashboard, reducing excess inventory
7. Made revenue visible in real-time by automating sales reports for leadership .

ALPHA COMPUTER. DELHI INDIA (JAN 2009 TO APRIL 2010)ROLL- **PHP TRAINER**

Planning and conducting PHP and MySql classes as per the course milestone. Guiding and assisting students in the lab. Assisting students on academic projects / course final projects.
