Education

Web Development Course
Masai School
January 2025 - June 2025

Computer Science
Chitkara University
August 2021 - July 2025

Higher Secondary Education
Oxford Public School
July 2019 - July 2020

Technical Skills

- MongoDB
- Express.js
- JavaScript
- RESTful APIs
- Node.js
- Git
- Redux
- React

Soft Skills

- Time Management
- Teamwork
- Problem Solving
- Effective Communication

Certifications

- Introduction to Software Engineering** [🔗](#)
Coursera
- Intro to HTML, CSS, and JavaScript** [🔗](#)
coursera
- Software Developer Career Guide and Interview Preparation** [🔗](#)
Coursera

Vishal Pandey

Professional Summary

Dynamic software developer skilled in Express.js and backend frameworks, optimizing server-side logic. Proficient in algorithms, data structures, and quick at learning new tech stacks. Strong problem-solving and collaboration skills, thriving in fast-paced environments to deliver efficient and scalable solutions. Passionate about building high-performance applications with a focus on clean architecture and maintainability.

Projects

Konnect [Github Repo Link](#)

- JavaScript
- React
- Redux
- Node.js
- Express.js
- RESTful APIs
- Responsive Web Design
- MongoDB
- Git
- socket.io

- Developed real-time messaging using Socket.io, enhancing the chat experience.
- Implemented JWT authentication for secure user sign-up and login.
- Utilized MongoDB for efficient storage and retrieval of user data and messages.
- Integrated RESTful APIs for seamless backend communication.
- Designed message status features, providing read receipts and online indicators.

CourseFlow [Github Repo Link](#)

- Git
- Express.js
- JavaScript
- React
- Redux
- MongoDB
- RESTful APIs
- Responsive Web Design

- Built full-stack EdTech platform using MERN stack, focusing on backend development with Node.js and Express.js.
- Integrated robust authentication and user management features for secure access.
- Utilized MongoDB to optimize database interactions for course and user data.
- Designed and implemented RESTful APIs for course management and payment processing.
- Enhanced responsiveness and scalability of the platform for a better user experience.
