EDUCATION

Career Accelerator Program
Prepleaf By Masai, Bengaluru
March 2023-present

Bachelor of Arts, Economics
Vinoba Bhave University,
Hazaribagh
August 2022-present

TECHNICAL SKILLS

HTML5 | CSS3 | Python |
JavaScript | Express.js | Node.js |
React | Redux | Django |
MongoDB | SQL | RESTful APIs |
Tailwind | Chakra UI

SOFT SKILLS

Problem Solving |
Time Management |
Attention to Detail

ACHIEVEMENTS

Accomplished over 450+
problems on LeetCode..
Leetcode

Ashish Kumar

Full Stack Web Developer

PROFESSIONAL SUMMARY

Adaptable Full Stack Web Developer with deep expertise in the MERN stack, including React.js, Node.js, and Django. Possesses strong problem-solving skills, attention to detail, and is proficient in using Generative AI. Rapidly learns new technologies to enhance development workflows and ensure software excellence.

PROJECTS

1. H&M Clone |  | 
JavaScript | React | Redux | HTML5 | CSS3 | Chakra UI |
Node.js | MongoDB | Express.js | RESTful APIs |
Responsive Web Design

- Developed a Full-Stack MERN app replicating H&M.com with user authentication and shopping cart functionality.
- Implemented responsive design for a seamless user experience across devices.
- Leveraged Redux Toolkit for efficient state management in React.
- Designed RESTful APIs and used MongoDB for robust back-end data management.
- Styled the application with Chakra UI and CSS Modules, creating a polished and modern interface.

2. FAST REACT PIZZA |  | 
Redux | JavaScript | React | HTML5 | Tailwind

- Developed a pizza shop web app in React, offering a complete pizza ordering experience.
- Built dynamic cart functionality, enabling users to add pizzas, adjust quantities, and review their orders.
- Implemented responsive design with Tailwind CSS and managed application state efficiently using Redux Toolkit.

3. Volunteer Management and Donation Platform | 

Python | Django | RESTful APIs | SQL

- Implemented JWT authentication and OTP password reset for secure user access.
- Developed a filtering system for remote/in-person volunteer opportunities, improving user engagement.
- Built a streamlined volunteer application flow for easy role applications.
- Created interactive API documentation with Swagger UI and Redoc for seamless integration.
