Seeking knowledge in Software Development with a growth oriented organization.

SYNOPSIS

- ❖ An incisive professional with 2+ years for experience in Software development and worked at SoftTech Engineers Ltd.
- ❖ Having a good experience in Software development using ASP.Net with C#, MVC, SQL Server, Angular 6 and Angular 8
- ❖ Strong analytical, programming, debugging skills and good understanding of Software Development Life Cycle.
- ❖ Effective Communication skills.

Career Summary

Date	Company	Responsibility/ Designation
Oct20-Till date	Shivrai Technologies Pvt. Ltd.	Jr.Assoc.Developer
Feb20-Sep26	SoftTech Engineers Ltd	Consultant Developer
Jan 19-Jan20	Kairee Systems Private Limited.	Trainee Developer
June 18 – Nov 18	Aarush System Private Limited.	Trainee Developer

Skill Set

❖ Technical Skills

- Programming Languages ASP.Net C#, MVC5.
- Architectures 3Tier architecture.
- Development Environment Microsoft.NET 3.5 and 4.0.,Dot Net Core
- Development Tools Visual Studio 2010, 2015 and 2017.
- Database Management Systems MS-SQL Server 2008 and 2012.
- Web technologies and Frameworks ASP.Net,JavaScript,HTML,CSS,Angular,Jquery

❖ Functional

- Analyzing, design, development and implementation of .Net applications.
- Debugging and troubleshooting the application.
- IIS Configuration, Web site Publishing and Hosting

Project Details

Title : **Farmizo Fresh**

Environment : C#, Visual Studio 2019, SQL Server 2015, Dot Net Core, Angular 10
Docker desktop, Angular Material, JQuery

Team Size : **2**

This project is developed for online shopping of farm products. This product is developed to add competition like amazon and flipkart sites and apps.

Roles & Responsibilities:

- Developing code in C# dot net core, Add validations using Angular as per the requirement given in the change request.
- Analyzing the requirement, database changes in SQL Server 2015 for backend development according to the requirement give in the change request.
- Performed Testing and Code Reviews.

Title : **Farmizo Khata**

Environment : C#, Visual Studio 2019, SQL Server 2015, Dot Net Core, Angular 10,
Docker desktop, Angular Material, JQuery.

Team Size : **2**

This project is developed for SBI Yono Bank. This product is useful to farmers. They can register their plots and can add Income and Expense Details. User can get Plot wise reports, Plot wise profit and loss. This project is localized to Marathi, Hindi and English language.

Roles & Responsibilities:

- Developing code in C# dot net core, Add validations using Angular as per the requirement given in the change request.
- Analyzing the requirement, database changes in SQL Server 2015 for backend development according to the requirement give in the change request.
- Performed Testing and Code Reviews.

Title : **Loreal EValidation Application.**
Environment : ASP.NET, C#, JQuery, Visual Studio 2017, MSSQL2012

Team Size : **3**

This project is developed for maintain loreal products states like Sample, Code to Code.

Roles & Responsibilities:

- Developing code in ASP.NET, C# , as per the requirement given in the change request.
 - Analyzing the requirement, database changes in SQL Server 2012 for backend development according to the requirement give in the change request.
 - Performed Testing and Code Reviews.
-

Title : **B2C Application for 18 travels**
Environment : Angular 8, Angular Material, Visual Code,MS-SQL2012

Team Size : **3**

This project is developed for Online Car Booking. And online payment.

Roles & Responsibilities:

- Developing code in Angular 8 as per the requirement given in the change request.
 - Analyzing the requirement, database changes in SQL Server 2012 for backend development according to the requirement give in the change request.
 - Performed Testing and Code Reviews.
-

Title : **Warehouse Management System.**

Environment : Angular 7, Angular Material, Visual Code, MongoDB, Dot Net Core

Team Size : **3**

This project is used to maintain warehouse data. It contains information about warehouse, Racks, Shelf Types, Box Types Master. And generated Inward and retrieval reports in excel and pdf formats.-----

Roles & Responsibilities:

- Developing code in Angular 7 as per the requirement given in the change request.
 - Analyzing the requirement, database changes in MongoDB for backend development according to the requirement given in the change request.
 - Performed Testing and Code Reviews.
-

Title : **Back UP and Restore Database**

Environment : ASP.NET 4.0, C# 4.0, Visual Studio 2017, MS-SQL Server 2012

Team Size : **2**

This project is used to take Backup of database, Restore and Delete database.

Roles & Responsibilities:

- Designing application, developing code in ASP.NET C# as per the requirement given in the change request.
 - Analysing the requirement, maintaining data within tables, database changes like creating stored procedures in SQL Server 2012 for backend development according to the requirement given in the change request.
 - Testing the applications made to ensure proper functioning of the application.
-

Title : **AIBC Data Capture**

Environment : Angular 6 , Visual Studio 2017, Firestore Database

Team Size : **4**

This Project is used to maintain the live stock record of circles like Vodafone, Idea and Airtel

Roles & Responsibilities:

- Analyzing application and designing, developing code in Angular 6 as per the requirement given in the change request.
 - Database changes like creating stored procedures, maintaining data in Firestore for backend development.
 - Testing the applications made to ensure proper functioning of the application.
-

Title : **Alpha Agro Farm**

Environment : Asp.Net , Visual Studio 2017, SQL Server

Team Size : **4**

This project is used to maintain the live stock record of Goats. It keeps all information regarding the food their wastage, vaccination details and alerts regarding that to the owner. The main aim of project is to at any point know the actual live stock available in the farm.

Roles & Responsibilities:

- Analyzing application and designing, developing code in Asp.Net as per the requirement given in the change request.
 - Database changes like creating stored procedures, view, trigger maintaining data in SQL Server for backend development.
 - Testing the applications made to ensure proper functioning of the application.
-

Title : **BPAMS.**
Environment : ASP.NET,C#,Visual Studio 2017,MSSQL2012

Team Size : **3**

This project is used to maintain budgeting, Cost estimation,financial and technical Approval of Building Permission.

.

Roles & Responsibilities:

- Developing code in ASP.NET C#, as per the requirement given in the change request.
- Analysing the requirement, database changes in SQL Server 2012 for backend development according to the requirement give in the change request.
- Performed Testing and Code Reviews.

ACADEMICS

COURSE /DEGREE	COLLEGE / INSTITUTE/ UNIVERSITY	YEAR OF PASSING	PERCENTAGE /CLASS / GRADE
B.E	Ashokrao Mane Group of Institution Vathar/Shivaji University	2018	74.15%
Diploma	Ashokrao Mane Polytechnic,Vathar /MSBT	2015	80.38 %
X(10 th)	Shri Chh Shivaji HighSchool/Maharashtra State Board	2012	81.40%

PERSONAL DETAILS

Date of Birth : 4st August, 1995
Mobile No : +91-7028550808
