- HTML, CSS, and JS create an aesthetically pleasing layout.
- Utilize XAMPP to host and manage MySQL database.

Experience

Kai Tech | Maharashtra, Pune

Internship Student | 06/2023 - 12/2023

During my 6-month Angular internship, I gained hands-on experience in front-end development, collaborating with a dynamic team to create an innovative e-commerce platform. I successfully implemented responsive design, integrated real-time features using Angular, and contributed to enhancing the overall user experience,
