Education

Software Development Engineer in Testing

Masai Bengaluru
July 2024 - January 2025

Bachelor of Engineering (Electrical Engineering)

Vaishnavi Institute of Technology & Science, Bhopal
Madhya Pradesh
August 2015 - June 2019

MBA, HR & Finance

Barkatullah University, Bhopal, Madhya Pradesh
August 2019 - June 2021

Technical Skills

Manual Testing Cypress

Selenium Api Testing

JavaScript

Soft Skills

Problem Solving Teamwork

Attention to Detail

Adaptability

Anil Rajak

Professional Summary

Dynamic and technically adept Software Development Engineer in Test proficient in automation testing, mobile testing, and API testing. Skilled in manual testing methodologies. Possesses a keen eye for detail, strong problem-solving abilities, and a commitment to ensuring software quality and reliability.

Projects

Evaluation of Reebok Demo E-commerce Feature in Manual

[Live Demo Link](#) [Github Repo Link](#)

Manual Testing

- Designed and executed test scenarios to verify algorithmic and logic functionality of e-commerce features.
- Collaborated with development team to understand the specific requirements and functionalities of the Reebok Demo E-commerce platform.
- Documented and reported software issues with detailed reproduction steps to facilitate efficient resolution.
- Participated in the creation and management of test plans and test cases for critical platform features.
- Ensured thorough testing and validation of functionalities such as Login, Logout, Search, Payment, and Add to Cart.

Automate the Project Using Cypress

[Live Demo Link](#) [Github Repo Link](#)

Cypress JavaScript

- Conducted end-to-end testing of checkout functionality using Cypress to identify algorithmic and logic errors.
- Documented and reported identified issues with clear steps for reproduction to ensure timely resolution.
- Assisted in developing test plans and test cases for login and registration functionalities, ensuring comprehensive coverage.
- Showcased understanding of testing methodologies and best practices to enhance platform stability and reliability.
- Collaborated with the development team to improve feature requirements and ensure seamless user experience.
