## EDUCATION

### SDET

masai school

August 2024-present

### High School

Shiv Jyoti Public School

June 2021 - March 2023

## TECHNICAL SKILLS

jira | java | Postman | Selenium |  
Cypress | JavaScript

## SOFT SKILLS

Adaptability | Detail Oriented |  
Documentation and Reporting |  
Continuous Learning

## INTERESTS

- Podcasts
- Music
- Literature

# Rashim Verma

## SDET/QA

### PROFESSIONAL SUMMARY

Dynamic SDET skilled in manual and automation testing, leveraging tools like Cypress and Selenium. Proven ability in identifying algorithmic errors and creating precise test scenarios. Equipped with Generative AI knowledge and quick to learn new technologies, ensuring robust software solutions.

### PROJECTS

#### 1. Ninja Turtle Store Automation | |

JavaScript | Cypress | Postman

- Developed a robust test automation framework with Cypress for a complex e-commerce application.
- Automated critical test scenarios such as user authentication, cart operations, and payment processing, enhancing efficiency and accuracy.
- Collaborated with developers to ensure test scripts were in sync with application updates.

#### 2. Global SQA Manual Testing | |

- Performed comprehensive manual testing for a global web application, focusing on performance, functionality, and usability.
- Created detailed documentation and mind maps for effective test case management.
- Identified and documented software issues with clear reproduction steps, collaborating with developers for issue resolution.

#### 3. Facebook-Sign-in-Automation | |

JAVA | Selenium | Selenium-webdriver

- Collaborated with personal development goals to understand Selenium WebDriver's requirements and features for browser automation.
- Participated in developing and refining test cases for form interactions and dynamic dropdowns.
- Worked closely with Selenium WebDriver setup to ensure proper browser initialization and teardown.
