SUMMARY

Engineering undergraduate from Savitribai Phule Pune University. Looking for a role where I can grow and learn from experienced team members while drawing on project experience I have already successfully executed.

PROFESSIONAL SKILLS

Technologies/Databases: C/C++, Java, Core Java, SQL, JDBC.

Web Technologies: HTML, CSS, JS, Servlet, JSP.

IDE: Eclipse, Visual Studio Code, Turbo C/C++, Dev C++.

Other Skills: AutoCAD, SolidWorks, Word.

PROJECTS

Phonebook Management System [Java]

Developed a comprehensive Phonebook Application using Java, showcasing skills in object-oriented programming, database integration, and user interface design. This project highlights the ability to create efficient and user-friendly applications for managing contact information.

Contact Management System [C & C++]

The primary purpose of contact management system project is to record contact information in a central location to be easily accessed and updated. Contact management is the act of storing, organizing, and tracking information. Contact management system is that provides various facilities like reading from a file, add, short, modify, remove, and print a contact list that is easy to operate.
