

# PRASHANT MAGAR

## SAP MM TRAINED ASSOCIATE

### CAREER OBJECTIVE

To work with loyalty and fast paced environment, leveraging my current knowledge and nurturing creativity with many learning opportunities. I have interpersonal skills, good work ethic and the ability to work well in a team or in an individual environment. I am versatile to any working conditions.

### SAP MM Knowledge

**Institute:** GAT EDUCATION India

**Duration:** 6 Months

**SAP Module:** SAP MM ECC 6.0

#### SAP MM SKILLS:

- **Procurement Processes:** handle procurement activities, including purchase requisitions, purchase orders, and vendor management. They ensure efficient procurement workflows and compliance with organizational policies.
- **Inventory Management:** Managing inventory levels, stock movements, and storage locations within the organization. This involves handling goods receipts, issues, transfers, and physical inventory counts.
- **Master Data Management:** Maintaining accurate master data related to materials, vendors, and purchasing info records. This includes creating, updating, and validating data to support smooth operations.
- **Material Valuation and Pricing:** Understanding valuation methods (such as standard price, moving average price, or FIFO) and configuring pricing conditions for materials.
- **Logistics Execution:** Coordinating logistics processes, including inbound and outbound deliveries, transportation planning, and warehouse management.
- **Integration with Other SAP Modules:** Collaborating with other SAP modules (such as SD, WM, PP, and FI) to ensure seamless end-to-end business processes.
- **Customization and Configuration:** Configuring SAP MM settings based on business requirements. This includes defining document types, release strategies, and tolerance limits.
- **Reporting and Analytics:** Extracting meaningful insights from SAP MM data using reporting tools like SAP Query, SAP BW, or custom reports.
