EDUCATION

Web Development Course
Masai School

Computer Science , B.E
Chitkara University
August 2021 - August 2025

Higher Secondary Education
Patel Public School
March 2020 - June 2021

Secondary Education
Patel Public School
March 2018 - March 2019

CERTIFICATIONS

- Introduction to Cloud Computing, IBM
- Data Structures And Algorithms, Infosys

PROFESSIONAL SUMMARY

Diligent aspiring software developer adept in Java with a solid grasp of backend development principles and thriving on teamwork. Demonstrates ability in database interactions, API integration, and efficient code writing. Quick to adopt new technologies, including Generative AI, and excel in dynamic environments.

PROJECTS

1. Contact Management System |

Java , MySql

- Developed the backend of a contact management system utilizing Java for business logic and MySQL for database management.
- Implemented Java Database Connectivity (JDBC) to facilitate seamless interaction between application and MySQL database.
- Designed modules that allowed users to add, edit, search, and delete contact information efficiently.
- Constructed a relational database schema in MySQL to store and manage user and contact details.

2. Travel Booking Website |

JavaScript | React | Node.js

- Collaborated with backend development team to integrate hotel booking system, ensuring seamless user experience.
- Assisted in optimizing backend database interactions to improve application performance and responsiveness.
- Participated in API integration discussions to enhance functionality and data flow between frontend and backend components.
- Conducted code reviews and provided feedback to enhance code quality and maintainability.
- Ensured smooth communication between frontend React components and Node.js backend services.
