

SHWETALI GURAV

WEB DEVELOPER

Full-stack Web Developer with expertise in PHP (Laravel), JavaScript, and WordPress, experienced in delivering responsive, secure, and SEO-optimized websites. Successfully developed and deployed 5+ client-facing web platforms, improving site speed by up to 50% and reducing bounce rates. Proven ability to handle both frontend and backend tasks, API integrations, and performance optimization. Actively contributes to scalable, user-centered design solutions in collaborative and Agile environments.

WORK EXPERIENCE

Canwhart | Oct 2024 - March 2024

Web Developer

- Engineered and maintained responsive, dynamic websites using Laravel, JavaScript, and Bootstrap, ensuring seamless UI across devices and aligning with Figma designs.
- Boosted performance by reducing page load times by 40% through script optimisation, image compression, and lazy loading techniques.
- Integrated secure payment gateways and third-party APIs, leading backend development for a donation platform with real-time transaction logging and increasing user engagement by 25%.

Raqami Design Labs | June 2024 - Sept 2024

Web Developer

- Developed Doshix website with HTML, CSS, JavaScript, PHP/Laravel, and jQuery.
- Designed secure databases and integrated third-party APIs
- Implemented responsive designs and accurate UI/UX elements
- Deployed applications on Apache and Hostinger servers. Integrated backend services to enhance functionality

PROJECTS

Doshix

2024

- Built using Laravel, jQuery, and Bootstrap
- Developed a modular donation management system with secure transaction logging, user dashboards, and dynamic CMS panels.

Jivdani Trust

2024

- Laravel, Hosting on Hostgator
- Implemented a multilingual donation portal with CCAvenue integration, achieving 99.9% uptime and successful audit verification.

RY Group

2024

- Built using Laravel, Bootstrap, and JavaScript
- Developed a corporate website for a real estate and construction group, featuring a dynamic content management system, SEO-optimized layout, and service showcase sections.
- Enhanced user experience with smooth animations and responsive design across all devices.

Project Liquid

2024

- Built using PHP, HTML/CSS, jQuery
- Delivered a luxury event brand website with theme-based animations and interactive galleries, optimized for desktop and mobile.
