

Bhavya Khatri

Node JS Developer

PROFESSIONAL SUMMARY

Motivated Node.js developer with strong skills in building Server-Side Applications. Collaborative and proactive team player who thrives in cross-functional environments. Experienced in developing and maintaining RESTful APIs and optimizing code for performance and scalability. Proficient in JavaScript and familiar with popular Database systems. Stay up-to-date with emerging technologies to enhance software solutions. Strong problem-solving and communication skills.

PROJECTS

1. JioMart Clone | |

HTML5 | CSS | JavaScript | Node.js | Express

- Developed a JioMart clone, an Indian e-commerce company, with a wide range of products such as groceries, electronics, fashion, home essentials, and lifestyle products
- Implemented features like fetching products from the server, login functionality, and ensuring website responsiveness
- Took responsibility for creating the landing page, login page, cart page, profile page, and logout page
- Utilized technologies such as HTML5, CSS, JavaScript, Node.js, and Express
- Completed the project independently within a span of 5 days

2. Overstock Clone | |

html-css-js |

- Developed a responsive landing page, login page, cart page, furniture page, and logout page for an Overstock clone.
- Implemented checkout functionality to enable seamless purchasing of products.
- Utilized HTML, CSS, and JavaScript to create a visually appealing and user-friendly website.
- Successfully completed the project within a span of 5 days, demonstrating strong time management skills.
- Worked independently, taking full ownership of the project from start to finish.

3. Real Talk Online Video Chat Platform | |

nodejs | javascript | redis | express.js |

- Developed an online video chat and messaging platform using Node.js, Socket.IO, and WebRTC.
- Implemented features for seamless video calling and real-time chatting.
- Utilized HTML, CSS, and JavaScript to create an intuitive user interface.
- Worked independently on the project.
