

Hardik Devani

Summary

- As a seasoned software specialist with over **10.4 years of experience, I bring a wealth of expertise in ReactJS, Laravel, Vue.js, Node.js, AWS, PHP, Project Management, Project Delivery and Technical** to the table. My track record includes successfully delivering a diverse range of projects, from e-commerce platforms to chat applications. I am **particularly skilled in fostering collaboration and enhancing code quality through tools like Pair Programming AI.**

My passion lies in dynamic and collaborative environments where I can leverage my technical prowess and problem-solving abilities to drive innovation. I hold an MCA degree in Computer Programming, from Gujarat Technological University. I am enthusiastic about taking on new challenges, constantly seeking opportunities to expand my skill set, and contribute to cutting-edge projects. Let's connect and explore how we can collaborate to create exceptional software solutions.
- Highly skilled in specifications gathering, troubleshooting, and quality assurance testing.
- Follow Agile methodology & Scrum.
- ... Planning & Managed AI&ML Project and know some concept.
- Quick Learner and commander with best module design development.
