Atul Raman

Frontend Developer(React)

PROFESSIONAL SUMMARY

Summary: Innovative frontend developer with expertise in React.js, JavaScript, HTML, and CSS. Proficient in creating responsive and scalable web applications. Skilled in leveraging generative AI and swiftly adopting new tech stacks. Adept at collaborating effectively with teams to deliver exceptional user interfaces.

WORK EXPERIENCE

Cognizant, Hyderabad

Test Data Manager
June 2022 - August 2024

Job responsibilities:

- Retrieved and filtered backend data based on testing requirements to support efficient software testing and development processes.
- Validated data integrity and accuracy, ensuring the reliability of test cases and scenarios.
- Built insightful reports for testing teams, aiding in the successful completion of software projects.

Cognizant, Bengaluru

Quality Engineering and Assurance - Intern
January 2022 - April 2022

Job responsibilities:

- Conducted manual testing of software applications to identify defects, ensuring optimal software functionality and user experience.
- Prepared detailed test cases based on business requirements, contributing to comprehensive software testing strategies.
- Created comprehensive reports on testing results, facilitating informed decision-making during the software development cycle.

PROJECTS

1. Evolution of UI/UX Trends |

HTML5 | CSS3 | JavaScript | Git | Responsive Web Design | Tailwind CSS

- Built a responsive website showcasing the evolution of UI/UX design across different decades (1990s to 2030s), including a navigation bar and footer.
- Worked on the Landing Page, About Page, and the evolution of mobile brand websites.
- Managed the GitHub repository for version control and collaboration.

2. CodeCollab |

JavaScript | Git | HTML5 | CSS3 | Tailwind CSS | Bootstrap | Responsive Web Design

- Created a responsive website where users can join or create web conferences on different topics from around the world.
- Designed the FAQ, User Feedback, and About sections on the landing page for a better user experience.
- Worked on GitHub to manage the project repository.
