

Abhishek Maurya

SDET/QA

PROFESSIONAL SUMMARY

Adaptable and results-driven SDET with proficiency in Python and exceptional problem-solving abilities. Skilled in executing test scenarios for algorithmic components and documenting issues with precision. Proven capability in utilizing Generative AI and rapidly learning new technologies for optimized software quality assurance.

PROJECTS

1. E-commerce Traveling Website Manual Testing(Expdia.com)

Manual Testing

- Designed and executed comprehensive test scenarios to identify issues in core functionalities like booking stays, flights, and cars.
- Collaborated with the development team to gain a clear understanding of Expedia's requirements and features for effective testing.
- Documented and reported bugs with detailed reproduction steps to streamline bug fixing process.
- Participated in test planning sessions, contributing to the development of effective test plans and test cases.
- Engaged with developers to expedite the resolution of identified bugs, ensuring timely fixes and enhancements.

2. E-commerce Website Testing with cypress Automation Testing(Demo-Web-Shop)

Cypress JavaScript | Project Object Model

- Designed and executed comprehensive test scenarios using Cypress to identify algorithmic and logic errors on the E-commerce website.
- Collaborated closely with developers to understand the software requirements and features for the Demo-Web-Shop project.
- Documented and reported identified issues with detailed steps for reproduction to facilitate timely resolution.
- Developed and maintained test plans and test cases focusing on algorithm-intensive components.
- Utilized attention to detail to thoroughly document test results and communicate issues effectively with the development team.

EDUCATION

Software Development Engineer in Test (SDET)

Masai School
September 2024-present

Bachelor of Computer Applications (BCA)

Arcade Business college,
Patliputra University , Patna
August 2019 - August 2022

TECHNICAL SKILLS

Selenium WebDriver |
Automation Testing | TestNG |
Java | Maven | Cypress |
API Testing | Agile

SOFT SKILLS

Teamwork |
Effective Communication |
Time Management

CERTIFICATIONS

- Masai Speaking Marathon (Season XXI)
- Construct Week Manual Testing Project - Certificate of Completion
