## Education

**Software Development Engineer in Test(SDET)**  
Masai  
August 2024-present

**MBA (Finance)**  
Jawaharlal Nehru  
Technological University  
June 2020 - November 2022

## Technical Skills

API Testing   Cypress  
Manual Testing   JavaScript

## Soft Skills

Teamwork   Collaboration

## Achievements

**Masai Speaking Marathon**   
*Masai*  
Masai Speaking Marathon

## Certifications

**Manual Testing On LetCode Website**   
*Masai School*  
Construct Week Participation  
Certificate - B39

# Shaik Tanzeela

## Professional Summary

Accomplished Software Development Engineer in Test with medium-level proficiency in Python and a strong grasp of testing methodologies and best practices. Adept at identifying algorithmic and logic errors with Generative AI. Proven ability to learn new technologies rapidly, collaborating effectively in team environments.

## Projects

**Cypress Project on YouTube Website** [Github Repo Link](#)

JavaScript   Node.js

- Automated testing of YouTube's core features like Search, Playback, Like/Dislike, Comments, and Subscriptions using Cypress.
- Developed a scalable Page Object Model (POM) framework for code reusability and maintainability.
- Authored and executed JavaScript test scripts for end-to-end validation and API response verification.

**Manual Testing on LetCode Website** [Github Repo Link](#)

- Conducted end-to-end manual testing on LetCode.in to ensure functional and usability standards.
- Authored test cases for important features like 'Login,' 'Sign-up,' and 'Drag & Drop.'
- Performed functional, regression, and usability testing, reporting issues with precise documentation.
- Managed documentation of test cases and execution results using Excel for efficient tracking.
- Collaborated with cross-functional teams to resolve identified issues effectively.

## Experience

**Vinsys Information Technology** | Proposal Analyst   January 2020 - February 2022

- Collaborated with various platforms like GovTribe and GSA eBuy to manage and analyze IT staffing proposals, demonstrating strong multi-platform integration skills and attention to detail.
- Developed comprehensive proposal drafts, ensuring adherence to stringent deadlines and specifications, indicative of exceptional organizational and document management skills.
