## 🎓 EDUCATION

### SDET

Masai School

September 2024-present

### BSc in Computer Science

Vikram University

April 2021 - April 2024

## ✿ TECHNICAL SKILLS

Selenium | Manual Testing |

RestAssured | Postman | Cypress |

JavaScript |

POM (Project Object Model) |

Github | Java | BDD Cucumber

## ✿ SOFT SKILLS

- Time Management
- Teamwork
- Attention to Detail

## ✿ INTERESTS

Playing Kabaddi |

Continuous learning |

Exploring new technologies

## ✉️ CERTIFICATES

Automation Testing with Cypress

Masai School

## 👤 PROFESSIONAL SUMMARY

Dynamic SDET/QA with expertise in manual and automation testing using Cypress and Selenium. Proficient in creating and executing test plans, test cases, and scripts, and ensuring quality through detailed documentation. Skilled in API testing with Postman and RestAssured, with a passion for adapting to new technologies and enhancing testing processes.

## 💻 PROJECTS

### 1. Mercury Demo Website Manual Testing

#### Manual Testing | Exploratory Testing

- Designed and executed comprehensive test cases to validate user signup, login, product search, and checkout processes.
- Conducted exploratory testing to identify usability issues and critical bugs, which were documented in a detailed Bug Report.
- Developed a Requirements Traceability Matrix to ensure thorough test coverage aligning with project requirements.
- Compiled testing outcomes in a Test Summary Report, offering recommendations for functionality improvements.
- Collaborated closely with project stakeholders to ensure clear communication and understanding of identified issues.

### 2. Sweet Donut (Nykaa) Website Automation Testing with Cypress

#### Cypress | POM | JavaScript

- Designed and executed automated test scenarios using Cypress to identify software issues on the Sweet Donut website.
- Collaborated with the development team to understand website features and ensure comprehensive automation test coverage.
- Documented and reported issues, providing clear reproduction steps and details in bug reports for developer resolution.
- Participated in the development of test plans and cases, emphasizing critical functionalities like login, search, and checkout.
- Worked closely with developers to ensure timely resolution of identified critical bugs, enhancing website reliability.

## ✿ ACHIEVEMENTS

Automation Project with Cypress
