#### **Education**

#### **Data Analysis**

Masai, Bengaluru October 2024-present

Bachelor of Science (B.Sc.)

Prof. Rajendra Singh (Rajju Bhaiya) University, Prayagraj July 2019 - August 2022

### **Technical Skills**

Machine Learning

Data Analysis & Visualization

Power BI

SQL

MS Excel

Python

## Soft Skills

Teamwork

Adaptability

Communication

**Problem Solving** 

# **Ashutosh Kumar**

### **Professional Summary**

Proactive and detail-oriented Data Analyst with expertise in data visualization, Power BI, and advanced analytics tools. Experienced in utilizing Python and SQL for data manipulation and deriving actionable insights. Strong problem-solving and communication skills to support data-driven decision-making and business growth.

## **Projects**

# Trend Trackers(Revenue Dashboard)

Github Repo Link

SQL

Power BI

Python

- Identified revenue trends and seasonal patterns.
- SQL database integration for efficient data management.
- Interactive Power BI dashboards for insights.
- Automated data cleaning (handling missing values, duplicates).
- Customizable reports for different time periods.

# Number Crunchers (Crime Data Analysis)
