 - 4. FnF Model
 - 5. MRF Model.
- ❖ I have planed the workforce in according with the necessary skills sets and production unit to achieve target (KRA).
- ❖ I have utilized techniques involving Grid View, MS Excel and RDLCreports.
- 2. Application Name: Gyanjyot Alibaug
 - This project student scholarship for the city of Alibaug, have created scholarship form
 - User authentication and access control
 - ❖ Collating the details about the student's schooling at the primary level
 - There are four tiers of approvals such as:
 - 1. Initiator
 - 2. Reporting Manger
 - 3. Auditor
 - 4. Account
 - ❖ For that I have created process flow for this approval

Support and Maintenance:

Establish a plan for ongoing support and maintenance to address issues, release updates, and ensure the continued functionality of the all application.

SKILLS:

- ASP.NET (MVC)
- C#
- .NET
- VB.NET
- MySQL Database
- Bootstrap
- XML
- WEB API
- HTML5
- CSS3

TECHNICAL SKILLS:

Operating System: Windows 10, Windows 11

Database: PL SQL, SQL Server 2012,2014 ,MySQL

Technology: HTML5,CSS3, ASP.Net (MVC),C#, Net, Bootstrap,Vb.Net

EDUCATION:

- MCA completed from Shivaji University with 65.60%.
- BCA completed from Shivaji University, Kolhapur with 57.56%
- HSC completed from Maharashtra State Board with 57.38%
- SSC completed from Maharashtra State Board with 49.27%

KNOWN LANGUAGES:

• Marathi, Hindi and English
