---

Objective:

A dedicated and skilled Software Developer with experience in PHP, Laravel, Yii2, JavaScript, and hands-on learning in Angular and Node.js. Passionate about building efficient, user-friendly applications with strong problem-solving and debugging skills. Seeking an opportunity to apply technical knowledge and contribute to innovative projects.

Professional Summary:

Experienced PHP Developer with 3.5 years of expertise in developing web applications using Laravel and Yii2 frameworks. Proficient in designing, developing, and maintaining complex web applications. Currently expanding skill set by learning Node.js and Angular to enhance full-stack development capabilities.

Technical Skills

- Languages: PHP, JavaScript, HTML, CSS
- Frameworks: Laravel, Yii2, Node.js (learning), Angular (learning)
- Databases: MySQL, MongoDB (learning)
- Tools & Technologies: Git, RESTful APIs, Composer, NPM
- Others: Stripe payment integration

Professional Experience & Training

PHP Developer

Company: MangoIT Solutions, Indore, MP
Designation: Assistant Software Engineer
Period: September 2021 – Present

Responsibilities:

- Developed and maintained web applications using Laravel and Yii2 frameworks.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Optimized application performance and scalability.
- Implemented RESTful APIs for seamless integration with front-end applications.
- Conducted code reviews and provided mentorship to junior developers.
- Participated in Agile/Scrum ceremonies and contributed to sprint planning and retrospectives.

Project Descriptions:

Sunmate

Client-Work Location: Denmark
 URL: Sunmate

Description:

Developed a web portal enabling users to efficiently manage their solar energy systems. Designed features to optimize energy consumption, enhance battery usage, and maximize return on investment.

Role & Responsibilities:

- Developed RESTful APIs for mobile applications to ensure seamless data communication.
- Integrated third-party APIs to display interactive graphs using Laravel and JavaScript.
- Implemented Multi-Factor Authentication (MFA) with Google Authenticator, SMS, and Email for enhanced security.
- Managed user roles and permissions to enforce access control and data security.

Eyeplastics

Client-Work Location: USA
 URL: Eyeplastics

Description:

Developed a system to support oculoplastic (eye plastic) surgery procedures, focusing on both medical and cosmetic treatments. Designed features to assist in diagnosing and managing conditions affecting the structures around the eye.

Role & Responsibilities:

- Optimized and modified SQL queries to improve database performance.

- Developed and maintained the appointment management module for seamless scheduling.
- Implemented and enhanced the gallery management system for better content organization.
- Analyzed client requirements and implemented new functionalities to enhance system performance.

Powerconcepts

Client-Work Location: Canada
 URL: [Powerconcepts](#)

Description:

Conducted training sessions on Microsoft Office applications, including Word, Excel, and Outlook. Provided personalized one-on-one training and consulting for executives, lawyers, and professionals. Delivered remote, instructor-led training to enhance productivity and efficiency.

Role & Responsibilities:

- Managed the student and mentor sections, ensuring seamless interaction and data organization.
- Developed and optimized SQL queries for efficient data retrieval and storage.
- Analyzed client requirements and implemented new functionalities to enhance system performance.

Petcloud

Client-Work Location: Australia
 URL: [Petcloud](#)

Description:

Developed a digital platform connecting pet owners with pet care services, including pet sitting, dog walking, and house sitting. Enhanced user experience and service accessibility through seamless booking and management features.

Role & Responsibilities:

- Developed and optimized SQL queries for data retrieval and management.
- Managed user roles and permissions to ensure secure access control.
- Analyzed client requirements and implemented new functionalities to enhance system performance.

Education & Professional Qualifications

- (2017-21): Malwa Institute Of Science & Technology, Indore
  - Degree: Bachelor of Technology, Computer Science & Engineering
  - CGPA: 8.32/10
- (2016-17): 12th (Higher Secondary Examination) – 64.4%, Madhya Pradesh Board
- (2014-15): 10th (Secondary Examination)

Skills & Abilities

- Strong problem-solving skills
- Trend anticipation
- Data archiving and analysis
- Good communication skills
- Continuous learning attitude

Additional Projects

Project Management System

Developed a project management system using Laravel, enabling teams to manage tasks, track progress, and collaborate effectively.

E-commerce Platform

Built an e-commerce platform using Yii2, featuring product listings, a shopping cart, and Stripe payment gateway integration.

Strengths

- Self-confident and self-motivated
- Ability to remain calm in difficult situations

Personal Information

- Father's Name: Mr. Akshay Singh Thakur
- Mother's Name: Mrs. Anita Singh Thakur
- Gender: Female
- Marital Status: Single

- Nationality: Indian
- Languages Known: Hindi,English

Declaration
