# ASWIN ES

## FULL STACK DEVELOPER

Coimbatore, Tamilnadu | **Email** - aswincharlie8877@gmail.com | **Github** | **LinkedIn** | **Phone** - +91 8838952693

I am a Professional Web Developer With 1.5 years of Experience in Full stack Development and Website Design. Strong Creative and Analytical Skills.

## SKILLS

**Frontend -** React JS, Javascript, Typescript, Next JS, HTML, CSS, Tailwind

**Backend -** Node JS     **Database -** MongoDB

## PROJECTS

**digri.ai**     Next JS, React JS, Node JS, Express JS, Typescript, Tailwind Css

- Designed and developed a platform that upskills college students into industry-ready full-stack engineers.
- Built dynamic, hands-on projects to help students gain real-world experience and enhance their portfolios.
- Developed scalable systems for personalized learning, progress tracking, and project-based assessments.
- Integrated AI-driven assessments for automated code analysis and dynamic question generation, ensuring personalised and effective learning experiences.
- Successfully trained 5000+ students, helping them land job placements and internships at leading tech firms
- Implemented Digri Points, a performance-based scoring system calculated using six global platforms and Digri AI assessments to track and enhance student progress

**CCMC**     Next JS, React JS, Node JS, Express JS, Javascript, Tailwind Css

- Platform to manage Municipal Corporation works and support administration.
- Provided frontend design support for the platform.
- Developed a dashboard and management tools to oversee municipal tasks and generate reports for government officials' review.

## WORK EXPERIENCE

**GyanMatrix**                                                                 **Oct 2023 - Mar 2025**

- Developed and maintained full-stack web applications using React JS, Next JS, Javascript, Tailwind CSS and TypeScript on the frontend and Node.js, and MongoDB on the backend.
- Designed and implemented RESTful APIs and optimised database queries to enhance application performance.
- Integrated global upskilling platforms such as GitHub, SonarCloud, LeetCode, Hackerearth, Stackoverflow, and HackerRank to track and visualize progress on a dashboard.
- Improved onboarding workflows by managing API calls, local storage, and UI updates efficiently.
- Enhanced TinyMCE editor functionality by adding custom placeholder support in email templates.
- Enhanced UI/UX by utilizing Ant Design (antd) and PrimeReact, ensuring a responsive and modern user interface.
- Built a custom HTML, CSS, and JavaScript compiler, allowing real-time code execution in the browser.

**GyanMatrix - Intern**                                         **Apr 2023 - Oct 2023** 6 months

Gained hands-on experience with various technologies, including React.js, Next.js, Node.js, JavaScript, TypeScript, and MongoDB.

## EDUCATION

**Sri Eshwar College of Engineering**                                          **2020 - 2024**

B.E. Electrical and Electronics Engineering
