Education

Data Analyst Course
MASAI School
July 2024-present

BCA
Sheela devi institute of
management and technology
June 2022-present

Technical Skills

MySQL   Power BI   Excel

Python

Soft Skills

Attention to Detail

Effective Communication

Teamwork

Ashish Dabas

Professional Summary

Dedicated Data Analyst proficient in SQL, Python, and Power BI, with a strong knack for creating compelling data visualizations. Excels in problem-solving and interpreting data to provide actionable insights. Quick to learn new technologies, including Generative AI, to enhance data-driven business strategies.

Projects

Real Estate Price Analysis   Github Repo Link

Jupyter Notebook   Selenium   Power BI

- Automated web scraping using Selenium to gather extensive property data.
- Addressed missing data and normalized numerical data for accurate analysis.
- Developed interactive Power BI dashboards for price trends analysis and decision-making.
- Collaborated with cross-functional teams for requirements gathering and insights delivery.
- Presented data-driven findings through comprehensive visual reports.

B2B Sales Analytics   Github Repo Link

Python   MySQL   Power BI   Git

- Automated sales data processing using Python, MySQL, and Google Sheets.
- Cleansed data to ensure accuracy and prepared it for storage in MySQL.
- Created interactive B2B sales pipeline dashboards using Power BI.
- Provided actionable insights by collaborating data from multiple sources.
- Played a key role in creating insights for the sales pipeline.
