KEY PROJECTS

- **Smart Basket Using IoT** — **embedded C , IoT**
  Revolutionizing shopping with our IoT-powered Smart Basket. We streamline customer journeys, leveraging RFID tags and cards for swift transactions. By seamlessly tallying weights, we eliminate errors, ensuring efficiency. Say goodbye to queues, hello to a smarter, seamless shopping experience!

- **Student Attendance Management System –** **C++**
  I've developed a C++ student attendance system, including attendance addition and percentage display, offering a comprehensive class attendance overview.

VOLUNTEER EXPERIENCE

- **National Service Scheme – NSS**
  Since August 2022, I've been volunteering with the National Service Scheme (NSS), participating in two camps organized by SPPU in Bhavdi Village and Vadhu (bk). Our focus has been on promoting cleanliness and raising awareness about social issues. NSS is a vital platform for fostering social responsibility, leadership, and community development among young people.

- **COMET-Design Team Member – GHRIET , Pune**
  I was actively engaged with the COMET Forum of Students, where we organized a variety of events and sessions tailored to meet the needs of students.

- **ACITES-Technical Team Member – GHRIET , Pune**
  I am working in ACITES as a technical Team Member in which we working on applications need for every branch as per their curriculum and helped them to available and also publish a magazine of a college.
