CAREER OBJECTIVE

Dedicated and highly motivated individual seeking the role of Manual or Automation Tester at your company to apply my knowledge and skills in software testing, automation, and project management, while contributing to the continuous improvement of products and processes.

CORE COMPETENCIES

Automation & Manual Testing

Software Testing Life Cycle (STLC)

Software Bugs & Defects

Root Cause & Trend Analysis

Test Cases/Plans/Scripts

Documentation

Test planning & Strategy

Selenium

SQL & Pl/SQL

Core Java

Test Execution

SKILLS

- Proficiency in both manual and automated software testing methodologies.
- Understanding of testing concepts, such as test case design, test execution, and defect reporting.
- Proficient in manual testing methodologies and techniques to ensure the quality of software applications.
- Skilled in creating comprehensive test cases, executing test plans, and reporting defects.
- Familiar with test automation using Selenium WebDriver, including test script creation and execution.
- Experience in developing and maintaining automated test frameworks to enhance test efficiency.
- Competent in writing SQL queries to extract and manipulate data from relational databases for testing purposes.
- Proficiency in database validation, data integrity checks, and SQL troubleshooting.
- Knowledge of Core Java for test automation scripting and enhancing test frameworks.
- Ability to implement Java-based solutions to support automated testing procedures.
- Hands-on experience with Selenium for web application testing, including test script creation and test suite execution.
- Competence in leveraging Selenium's capabilities to perform cross-browser testing and automate repetitive tasks.
- Skilled in performing regression testing to verify software stability after code changes.
- Ability to automate regression test suites, ensuring efficient and consistent testing.
- Proficient in writing and maintaining automated test scripts using programming languages like Java and Python.
- Capable of incorporating best practices in test scripting to improve maintainability.
- Able to identify and address browser-specific issues.
- Test Planning and Documentation:
- Skilled in creating test plans, test strategy documents, and test summary reports.
- Competent in maintaining clear and organized testing documentation.
- Proficiency in using documentation tools such as Confluence or SharePoint for creating and maintaining test-related documents.
- Knowledge of creating and managing test data, ensuring data integrity for test scenarios.
- Experience in generating automated test reports with tools like Extent Reports or TestNG Reports.

COURSES & CERTIFICATIONS

- **SDET (SOFTWARE TESTING)- QSPIDERS, BANGALORE**

  - ✓ Manual Testing, Automation Testing, SQL, Core Java

- **ORACLE-NARESH IT, HYDERABAD**

  - ✓ SQL, pl/SQL, basics of Html and CSS

PROJECT DETAILS

Title: Xpert Infoshare

Role: Software Test Engineer

Domain: Marketing

Team Size: 10

Description: Xpert Infoshare is a project that brought a host of capabilities together. This application helped to store all the prospects and customers, create reports, manage all other information into one cohesive unit. Xpert Infoshare is therefore the one-stop shop for the sales team. It helped customers to build lasting relationships with customers and converting the leads into potential customers.

ACADEMIC DETAILS

DEGREE	SPECIFICATION	YEAR OF PASSING	COLLEGE NAME	UNIVERSITY NAME	PERCENTAGE
B. TECH	Electronics and Communications engineering	2021	Vikash Institute of Technology , Bargarh	BPUT, Odisha	8.31 CGPA
+2	Science	2017	Newton College Of +2 Science, Sambalpur	CHSE, Odisha	58.5%
10	Matriculation	2015	Sri Aurobindo integral School of Education , Deogarh	BSE, Odisha	79.5%

IT TOOLS

- **Software Testing:** Manual Testing, Automation (Selenium WebDriver)
- **IDE:** Eclipse
- **Test case management tool:** TestNG
- **Defect tracking Tools:** JIRA
- **Operating System:** Windows 10/11
- **Database:** SQL
- **Language:** Java
- **Repository Tool:** GitHub
- **Exposure Tool:** Jenkins

HOBBIES & INTERPERSONAL SKILLS

- ✓ Listening Music & writing
- ✓ Self-motivated and Hardworking
- ✓ Positive Approach and Promoting Teamwork

PERSONAL DETAILS

- ✓ **Date of Birth:**   21st dec 1999

- ✓ **Languages Known:**   English, Hindi, and Odia

- ✓ **Communication Address:**   Deogarh, Odisha, India

DECLARATION

I do hereby declare that the above information is correct and true to the best of my knowledge and belief.
