PROFESSIONAL SUMMARY:

Motivated and detail-oriented Software Development Engineer in Test (SDET) and QA professional with a strong foundation in manual and automated testing. Proficient in Selenium, Cucumber, and API testing tools like Postman. Skilled in identifying and reporting software defects, ensuring high-quality applications through rigorous testing.

EDUCATION:

Software Development Engineer in Test
Masai School

Commerce & Business
National Public School

TECHNICAL SKILLS:

Selenium | Cypress | Manual Testing | JavaScript | HTML | CSS | Java | TestNg |

Maven | Cucumber

SOFT SKILLS:

Problem Solving | Effective Communication | Attention to Detail | Time Management |

Teamwork

PROJECTS:

Demoblaze ⚙

- Executed comprehensive manual testing to ensure the seamless functionality of user registration, login, and product selection features.
- Developed and maintained Selenium automated test scripts to enhance the efficiency of regression testing across various browsers.
- Performed API testing to validate backend services, ensuring accurate data retrieval for product details and user reviews.

Tech Stack:

Manual Testing | Automation Testing(Selenium) | API Testing

Tool Shop ⚙

- Executed manual testing procedures to ensure the application met all quality requirements.
- Developed and maintained automated test scripts using Cypress for efficient regression testing.
- Identified, reported, and tracked software defects to ensure timely resolution.

Tech Stack:

Manual Testing | Automation(Cypress)

ACHIEVEMENTS:

xto10x Hackathon Winner   Masai School

Masai Speaking Marathon   Masai School

Masai Reading Marathon   Masai School
