PARDEEP GOYAL

B. Tech (Computer Science)

SUMMARY

I am a competent and resourceful IT professional with **more than 12 years of experience**. Looking for a challenging environment in leading edge companies to work sincerely which provides ample opportunities to grow and contribute, also give me the challenging position in corporate world for rapid promotion with the help of my hard work, will-power & blessings of elders.

ACADEMIC PROFILE

Education	University/ Board	Year of Passing
B.Tech (Computer Sci.)	Kurukshetra University	2007
Senior Secondary	CBSE	2002
High School	HBSE	2000

LANGUAGE: - English, Hindi

TECHNOLOGIES: -

- **Backend Technologies**: PHP, Laravel, NodeJS, CakePHP,
- **Frontend Technologies:** ReactJS, AngularJS, JavaScript, jQuery, HTML, CSS
- **Database:** MySQL, MongoDB
- **Tools:** Postman, VS Code, GitHub

Ninex RMG Residency, Sector - 37C, Gurugram, Haryana-122006

PROFESSIONAL EXPERIENCE

Select Source International	Associate Team Lead	March'16 to Till date
Stellar Information Technology	PHP Developer	June'15 to Dec'15
Attitude Events	Web Developer	June'14 to May'15
Avigma Technology	PHP Developer	May'13 to Jun'14
Oditi Global Solutions	Web Developer	Jun'12 to May'13

SELECT SOURCE INTERNATIONAL

- **Backend Development**: Proficient in **PHP**, particularly the **Laravel framework**, for building scalable and secure web applications.
- **Database Management**: Strong experience with **MySQL** and **MongoDB**, including query optimization and data modeling for performance.
- **Frontend Development**: Skilled in **JavaScript**, with hands-on experience using **jQuery** and integrating dynamic interfaces.
- **DevOps & Architecture**: I actively work with **microservices**, **Docker**, and **Kubernetes** to ensure modular, scalable, and containerized solutions.

STELLAR INFORMATION TECHNOLOGY

- Updating the website of Stellar Information Technology on various languages using PHP language.

ATTITUDE EVENTS

- Updating the website of Attitude Events on various languages using PHP language.

AVIGMA TECHNOLOGIES

Backend Development:

- Wrote clean and modular **PHP** code to handle core application logic, including user registration, login, and role-based access control.
- Designed and optimized **MySQL** database schemas to ensure data integrity and efficient querying.

Frontend Implementation:

- Used **HTML** and **CSS** to design responsive, accessible user interfaces.
- Integrated **JavaScript** and **jQuery** to add interactivity, including AJAX calls for dynamic content loading without page reloads.

STRENGTHS

- Solution-oriented with a focus on clean, maintainable code
- Strong understanding of system design, API architecture, and cloud deployments
- Consistent track record of delivering under pressure and meeting tight deadlines
- Excellent debugging, performance tuning, and code optimization abilities

API Development:

- Built custom **RESTful APIs** for frontend-backend communication, enabling features like user data management, form submissions, and content retrieval.
- Implemented secure endpoints with input validation, token-based authentication, and structured JSON responses.

Performance & Optimization:

- Improved page load times by optimizing queries, minimizing CSS/JS, and implementing proper caching mechanisms.
- Followed best practices for secure coding (e.g., SQL injection prevention, XSS protection).

ODITI GLOBAL SOLUTIONS

- Used to prepare websites using cakePHP, jQuery, JavaScript.

DECLARATION

I hereby declare that all the information mentioned above is true to the best of my knowledge.
