Anand A. Patil

Angular Developer

CONTACT
9503771133
anandpatil1604@gmail.com

EDUCATION

Bachelors Of Engineering -2020
Solapur University

EXPERIENCE

Working with Sasken
Technologies Pune
Designation-Angular Developer
Since Dec-2021 to till Date

PERSONAL DETAILS

Address   - Pune
Date of Birth   - 10/10/1992
Marital Status   - Married
Nationality   - Indian
Language Known-English, Hindi,
Marathi

PROFILE

Driven and highly skilled Angular Developer with **3 years** of professional experience in designing, developing, and maintaining high-performance web applications. Proficient in leveraging Angular CLI, TypeScript, JavaScript, HTML, CSS, and Peaceful APIs, Bootstrap and RxJS to deliver robust and maintainable front-end architectures.

PROFESSIONAL EXPERIENCE

- Extensive experience with **Angular**, including **components, controllers, directives, services, routing, and events.**
- Managed **Angular Frontend** development.
- Over **3 years** of hands-on experience developing user-friendly web applications and interfaces using **HTML, CSS, and JSON**.
- Strong skills in Angular for **efficient development** and thorough testing of applications.
- Active participation in **SCRUM** meetings to track project progress and resolve issues.
- Proficient in using **JIRA** for defect tracking and project management.
- Expertise in **JavaScript, Angular,** and front-end frameworks like **Bootstrap and Material CSS.**
- Practical knowledge of **Agile methodology**
- Software Development Life Cycle (**SDLC**), including design, development, testing, and deployment.
- Experienced in developing **single-page applications (SPAs)** using Angular and handling the **Document Object Model (DOM).**
- Skilled at ensuring cross-browser compatibility across browsers like Chrome, Firefox, and Internet Explorer.
- Proficient in integrating **RESTful APIs** into applications and managing source code with **GitHub**.
- Good understanding of **TypeScript** and **debugging** tools like the **Chrome Developer Toolbar**.
- Experienced in working collaboratively within teams, conducting **code reviews**, and providing regular updates.
- Quick learner, capable of delivering solutions both independently and as part of a team.
- Worked on **Coding Standards** as per industry.

KEY SKILLS

- **Programming Languages**: TypeScript, JavaScript
- **Frameworks**: Angular, Bootstrap
- **Web Technology**: Angular HTML5, JavaScript, CSS, Angular CLI, Angular Material, JSON.
- **Testing Tools**: Postman.
- **Operating Systems**: Windows.
- **Defect Tracking Tools**: JIRA.
- **Debugging Tools**: Google Chrome Web Debugger Development Tools
- **IDE/Editors**: Visual Studio Code, Notepad++
- **SDLCs**: Agile and Scrum

- Researched new technologies and made recommendation within the area of expertise.
- Good in analysing and understanding why **bugs occurs and fixing them.**

PROJECT

Project Name **-: Hims**
Domain – HealthCare

ROLES AND RESPONSIBILITIES -

- Conduct requirements analysis, design, coding, testing, and bug fixing.
- Participate in the full software development lifecycle, including requirements analysis and design.
- Prepare test plans and perform manual testing to ensure application quality.
- Debug and resolve issues to enhance application stability and performance.
- Analyse programs and implement code changes based on business requirements.
  Deliver high-availability, high-performance applications with a focus on reliability.
- Develop and consume RESTful web services for seamless functionality.
- Engage in knowledge-sharing sessions with team members to improve collaboration.
- Prepare and maintain project documentation for future reference.
- Design and develop user interfaces using Angular and related technologies.

DECLARATION

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the above-mentioned particulars.
