Group Discussion · Presentational Skill · Adaptability · Team Work · Patience · Collaboration with Non-tech Stakeholders · Good Listener

EXPERIENCE

SoftServ.in   Jaipur, Rajasthan
Flutter Developer   05/2024 - Present

SoftServ.IN, founded in 2006 and based in Jaipur, specializes in software development and IT solutions. With a team of over 60 professionals, the company has achieved significant growth and is ISO-certified for quality and security.

- Updated and optimized a live mobile application available on the Play Store.
- Designed responsive UI elements to ensure seamless usability across various devices.
- Collaborated with cross-functional teams to enhance features and integrated APIs for improved performance and scalability.

PROJECTS

Online Music App (Android Studio, Java, Firebase)

A mobile application for music streaming with advanced features.

- Developed a feature-rich music streaming application with Firebase for real-time database management.
- Implemented secure user authentication and designed an intuitive UI for smooth navigation.
- Delivered a functional prototype capable of handling media streaming and personalized user playlists.

WhatsApp Clone (Flutter, Dart, Firebase)

Real-time messaging application similar to WhatsApp.

- Created a real-time messaging app inspired by WhatsApp.
- Developed user authentication, profile management, and real-time updates.
- Focused on delivering a modern messaging experience with an interactive and user-friendly interface.

VPN Zone (Flutter, OpenVPN API)

A secure VPN application for stable connections.

- Built a secure VPN application using Flutter with OpenVPN API.
- Focused on data encryption and REST API integration for seamless server communication.
- Designed a minimalistic and easy-to-use UI, ensuring a smooth user experience.

STRENGTHS

● **Overthinking as a Strength**

While overthinking can sometimes be seen as a challenge, I leverage it to my advantage by thoroughly analyzing situations, considering various perspectives, and anticipating potential issues. This allows me to make well-informed decisions and mitigate risks before they arise, ensuring quality outcomes.

● **Fast Learner**

I am able to quickly grasp new concepts, technologies, and tools, which helps me stay ahead in dynamic environments. My ability to adapt and apply new knowledge rapidly enables me to take on complex tasks with confidence and contribute to projects more efficiently.
