BABLI KUMARI

Data Analyst

PROFESSIONAL SUMMARY

Driven data strategist skilled in unveiling actionable insights, guiding strategic decisions for optimal business growth. Committed to insightful analysis and innovative problem-solving.

PROJECTS

1. Instahyre - Job Analytics | 🐙
Python | Excel | SQL | Power BI

- Scraped valuable data from Instahyre, meticulously cleaned, and refined it.
- Harnessed SQL for conducting in-depth analysis and extracting meaningful insights.
- Delivered tailored job insights, facilitating identification by skills, location, and sector dynamics.

2. Instahyre-Job Locator | 🐙
Python | SQL | Excel | Machine Learning

- Streamlined Instahyre job search with personalized ML-generated recommendations.
- The model aims to understand user's criteria and preferences to match them with suitable job opportunities.

3. Tata 1Mg - Homeopathic Medicines Analysis | 🐙
Python | SQL | Excel | Power BI

- Extracted valuable data from Tata 1Mg, analyzed with SQL & Excel, created insightful visualizations and dashboard.
- Derived key insights guiding the opening of a new homeopathic medicine store.
