- 10TH

CERTIFICATIONS

Java Full Package
Seven Mentor Pune

Successfully completed an intensive certification program covering the entire spectrum of Java programming, from fundamental concepts to advanced frameworks. This comprehensive training equipped me with a profound understanding of Java development,

Soft Skills
NPTEL IIT Ropar

This certification has not only enriched my interpersonal skills but also amplified my contributions as a team player, enabling me to communicate effectively, collaborate seamlessly, and contribute positively to team dynamics.

SKILLS

Core Java | Advanced Java (JSP, Servlet & JDBC)

C Programming | Communication | HTML | CSS

Framework (Spring & Hibernate) | Java Script

Cloud Computing (AWS) | Database (Sql & MySql)

Operating Systems (Linux & Windows)

PERSONAL PROJECTS

No Due Management System
- Developed a comprehensive No Due Management System using Python (Django) as a part of the college admission process. The system efficiently automates the process of tracking and clearing dues for students during their admission journey. Leveraging the Django framework, I implemented user-friendly interfaces for students, administrators, and faculty members to seamlessly manage and monitor dues.
- **Technologies Used:** Python, Django, HTML, CSS, JavaScript, SQLite.
