PROJECTS

HRMS (08/2021 - Present)
- An HRMS (Human Resource Management System) simplifies HR processes by managing employee records, payroll, attendance, recruitment, and performance in one platform.
- Built with modern technologies, it enhances efficiency, ensures compliance, and streamlines operations for organizations.

FynDesign (03/2024 - 06/2024)
- FynDesign is a design management platform that streamlines collaboration with features like project planning, real-time feedback, version control, and file sharing.
- Built with modern technologies, it boosts productivity, creativity, and simplifies workflows.

Flonex Chem Industries (01/2024 - 02/2024)
- It's a Client Project which I completed single handed during my Internship. It is a 5 page static Website using html, css, bootstrap, javascript. It's a Responsive Website for all Screen.
