marathon, uploading daily videos
to improve English communication
skills.

PROFESSIONAL SUMMARY

Innovative Full Stack Web Developer skilled in MERN stack, including Node.js, Express.js, React.js, and MongoDB. Strong problem-solving skills and attention to detail. Expert in utilizing Generative AI and learning new technologies rapidly to enhance development processes and team collaboration efficiently.

WORK EXPERIENCE

KrazyBee Services Private Limited (KreditBee)
Operation Executive (Collections)
March 2022 - July 2023
Job responsibilities:

- Managed customer accounts and collections, developing strong communication, negotiation, and problem-solving skills. Maintained accurate records and documentation.

PROJECTS

1. Sephora | ⊕ | ⦿
JavaScript | React | Tailwind Css | HTML5 | CSS3 | ChakraUI | Responsive Web Design | Vercel | Git

- Developed a responsive e-commerce application showcasing beauty products, mirroring Sephora's website.
- Implemented user authentication, enhancing security with user login and signup interfaces using JavaScript and React.
- Built a functional shopping cart with add to cart and remove from cart features, providing smooth user experience.
- Deployed seamlessly with Vercel and managed project versioning with Git.

2. Sugar Cosmetics | ⊕ | ⦿
HTML5 | CSS3 | JavaScript | Git | Netlify

- Collaborated with designers to create a visually appealing and user-friendly interface for showcasing cosmetic products.
- Implemented an image slider and hover effects to enhance user engagement and interactive experience.
- Utilized Git for version control ensuring smooth and collaborative development workflow.
