ACHIEVEMENTS

Construct Week Project 🔗

Masai School

Our week-long project involves redesigning the Casio webpage to enhance user experience and modernize the interface. The primary objective is to create a visually appealing interface.

Shreya Kushwaha

Full Stack Web Developer

PROFESSIONAL SUMMARY

Full Stack Web Developer with expertise in CSS3, HTML5, JAVASCRIPT, REACT and MongoDB. Collaborative team player with a talent for problem-solving and a strong focus on delivering scalable web applications. Exceptional attention to detail and ability to seamlessly integrate frontend and backend components. Stay up-to-date with the latest web development trends to optimize development processes.

PROJECTS

1. Frank And Oak-Clone | ⊕ | ⊙
JavaScript | HTML5 | CSS3

- Collaborated with a team of 5 to develop a fashion retail web application, translating project requirements into functional web pages.
- Incorporated a carousel feature to enhance user engagement and improve the browsing experience on the website.
- Conducted testing and debugging to address any issues and enhance the reliability of the web application.

2. Viatours-Clone | ⊕ | ⊙
HTML5 | CSS3 | Git | Responsive Web Design | Sass

- Collaborated on the redesign of the Viator Tours website, focusing on enhancing user experience and visual appeal.
- Developed consistent navigation elements with fixed-height navbar and footer, enhancing overall user experience.
- Contributed to the design of a dynamic single-page component, accommodating different screen sizes and providing seamless transitions.
- Assisted in the creation of a responsive hamburger menu to ensure accessibility and ease of navigation on smaller devices.

3. Casio G-Shock watches-Clone | ⊕ | ⊙
HTML5 | CSS3 | Git | Bootstrap

- Focused on creating a visually appealing header component as part of the project's overall design strategy.
- Utilized Sass for efficient styling, contributing to a responsive and user-centric experience.
- Collaborated with a team to integrate consistent navigation elements using fixed-height navbar and footer.
- Applied Git for version control to maintain organized and collaborative development workflow.
